

2001-03 Transportation Budget
Department of Transportation
Pgm D - Hwy Mgmt & Facilities-Op
Total Appropriated
(Dollars in Thousands)

Friday, June 22, 2001
4:38 pm

| | Legislative Final |
|--|--------------------------|
| 1999-01 Estimated Expenditures | 47,463 |
| 2001-03 Maintenance Level | 47,098 |
| Policy Changes: | |
| 1. Environmental Permitting | 3,296 |
| 2. Time Collection Automation System | -1 |
| 3. General Inflation | -612 |
| 4. Administrative Reductions | -1,170 |
| 5. Critical Facilities Renovation | 2,000 |
| 6. Operating Cost Increase | 388 |
| 7. Intelligent Transportation Projects | 50 |
| Total Policy Changes | 3,951 |
| Total 2001-03 Biennium | 51,049 |

Comments:

The Department currently owns approximately 650 capital facilities buildings statewide, totaling more than 2.3 million square feet. Management of these facilities includes operation and maintenance expenditures for utilities, custodial services, and other required services for Department facilities. Maintenance covers both corrective and preventive efforts, as well as renovation projects required to maintain facilities in good working condition and compliant with environmental, ADA, and other code requirements.

1. Environmental Permitting - Funding is provided for activities required to implement new environmental permitting processes as directed in ESB 6188. (Motor Vehicle Account - State)

2. Time Collection Automation System - Funding is shifted to Program S to provide for the automation and maintenance of an efficient timesheet completion and approval process. System development will be funded within existing agency resources by having each affected program reduce ongoing base operating costs. (Motor Vehicle Account - State)

3. General Inflation - General inflation added within the maintenance level is removed in the policy level. (Motor Vehicle Account - State)

4. Administrative Reductions - Funding is reduced for management and support, workforce, and equipment purchases. (Motor Vehicle Account - State)

5. Critical Facilities Renovation - Funding is provided to perform critical renovation work on facilities impacted by capital project deferrals. (Motor Vehicle Account - State)

6. Operating Cost Increase - Funding is provided for cost increases in utilities, janitorial services, and leases. (Motor Vehicle Account - State)

7. Intelligent Transportation Projects - Funding is provided for facility costs associated with new Intelligent Transportation System (ITS) projects designed to enhance the operations of transportation systems through the use of information technologies and electronic advancements. Each year, Congress earmarks federal funds for ITS projects which are matched with at least 20 percent state funds and for which states pay ongoing maintenance costs. (Motor Vehicle Account - State)

2001-03 Transportation Budget
Department of Transportation
Pgm D - Plant Construction & Supv
Total Appropriated
(Dollars in Thousands)

Friday, June 22, 2001
4:38 pm

| | Legislative Final |
|-----------------------------------|--------------------------|
| 1999-01 Estimated Expenditures | 15,231 |
| Total Work in Progress | 11,136 |
| Policy Changes/New Starts: | |
| 1. Administrative Reductions | -340 |
| 2. 1999-01 Reappropriation | 1,850 |
| 3. Pomeroy Maintenance Facility | 400 |
| Total New Starts | 1,910 |
| Total 2001-03 Biennium | 13,046 |

Comments:

The Department currently owns approximately 650 capital facilities building statewide, totaling more than 2.3 million square feet. Management of these facilities includes the replacement or upgrading of obsolete facilities. This program includes the management and funding of capital improvements to the Department's buildings and other facilities, including construction of new facilities and major capital improvements to existing facilities. Department staff are responsible for administering all aspects of facility capital projects, including site acquisition and development, facility design, and construction.

1. Administrative Reductions - Funding is reduced for the level of capital facility projects to be delivered and in the supporting workforce. (Motor Vehicle Account - State)

2. 1999-01 Reappropriation - Reappropriations are made for expenditures moved from the 99-01 biennium to the 01-03 biennium. (Motor Vehicle Account - State)

3. Pomeroy Maintenance Facility - Funding is provided for site acquisition, design, and partial construction costs associated with a new maintenance facility in Pomeroy that will be functional and ESA compliant. The total six-year project cost is \$1.4 million. (Motor Vehicle Account - State)

2001-03 Transportation Budget
Department of Transportation
Pgm E - Transpo Equipment Fund
Total Appropriated
(Dollars in Thousands)

Friday, June 22, 2001
4:38 pm

| | Legislative Final |
|--------------------------------|--------------------------|
| 1999-01 Estimated Expenditures | 0 |
| 2001-03 Maintenance Level | 0 |
| Total 2001-03 Biennium | 0 |

Comments:

The Operations Transportation Equipment Fund (TEF) is a non-appropriated account used to meet most of the agency's needs for equipment services. Operations TEF is responsible for providing and maintaining equipment and services such as automobiles and other personnel-carrying equipment, heavy equipment used for highway maintenance, agency radio communication infrastructure, and fueling activities.

2001-03 Transportation Budget
Department of Transportation
Pgm F - Aviation
Total Appropriated
(Dollars in Thousands)

| | Legislative Final |
|-------------------------------------|--------------------------|
| 1999-01 Estimated Expenditures | 5,285 |
| 2001-03 Maintenance Level | 3,166 |
| Policy Changes: | |
| 1. General Inflation | -54 |
| 2. Equipment Maint and Replacement | 220 |
| 3. Aviation Publications Update | 30 |
| 4. Airport Safety Inspections | 100 |
| 5. Airport Assistance Grant Program | 1,400 |
| 6. Aviation Planning | 150 |
| Total Policy Changes | 1,846 |
| Total 2001-03 Biennium | 5,012 |

Comments:

The Aviation program supports a number of aviation services, including conducting search and rescue operations, providing technical and financial aid to local public use airports, registering pilots and aircraft, managing the 15 state owned or operated airports, and assisting local governments, the aviation community, and the general public to comply with federal and state aviation regulations.

1. General Inflation - General inflation added within the maintenance level is removed in the policy level. (Aeronautics Account - State)

2. Equipment Maint and Replacement - Funding is provided for the maintenance of high value aviation and aviation support equipment. (Aeronautics Account - State)

3. Aviation Publications Update - Funding is provided for updates to existing brochures and handbooks for pilots regarding airports, search and rescue, training and other subjects. (Aeronautics Account - State)

4. Airport Safety Inspections - Funding is provided to allow an increased level of Airport Master Record Survey Inspections at airports statewide. Due to reductions in available federal dollars, the timing of safety inspections has been reduced from once a year to about once every two and a half years. Annual airport safety inspections of public use airports provides information used by the Federal Aviation Administration to compile the airport facilities directory and other pilot information publications. (Aeronautics Account - State)

5. Airport Assistance Grant Program - Funding is increased to expand the airport assistance grant program to help maintain and preserve public use airports and the aviation infrastructure. (Aeronautics Account - State)

6. Aviation Planning - State matching funds are provided for Federal Aviation Administration grants for public use airports to help fund the continuous airport system planning process. (Aeronautics Account - State)

2001-03 Transportation Budget
Department of Transportation
Pgm I1 - Improvements - Mobility
Total Appropriated
(Dollars in Thousands)

| | Legislative Final |
|--------------------------------------|--------------------------|
| 1999-01 Estimated Expenditures | 477,917 |
| Total Work in Progress | 323,118 |
| Policy Changes/New Starts: | |
| 1. Time Collection Automation System | -105 |
| 2. Administrative Reductions | -1,084 |
| 3. 1999-01 Reappropriation | 15,700 |
| 4. New Mobility Projects | 141,210 |
| Total New Starts | 155,721 |
| Total 2001-03 Biennium | 478,839 |

Comments:

This program provides funding for the design, right of way, and construction of projects which improve mobility on the state highway system. Mobility improvements increase a highway's ability to carry more motor vehicles, with the long-term goal of reducing congestion. Examples include constructing carpool lanes and mitigating congestion on urban highways in cooperation with local and regional jurisdictions.

1. Time Collection Automation System - Funding is shifted to Program S to provide for the automation and maintenance of an efficient timesheet completion and approval process. System development will be funded within existing agency resources by having each affected program reduce ongoing base operating costs relative to anticipated system benefits. (Motor Vehicle Account - State)

2. Administrative Reductions - Direct project support is reduced by \$904,000. Real estate services are reduced \$70,000 and 0.4 full time equivalent (FTE) staff. The Northwest region's consultant management position is eliminated with savings of \$26,000 and 0.2 FTE. The North Central and South Central regions will consolidate planning and materials for savings of \$56,000 and 0.8 FTE per biennium. The program's share of the equipment fund savings is \$28,000. (Motor Vehicle Account - State)

3. 1999-01 Reappropriation - Reappropriations are made for expenditures moved from the 99-01 biennium to the 01-03 biennium. (Motor Vehicle Account - State)

4. New Mobility Projects - Funding is provided for additional statewide mobility improvement projects that address congestion relief. (Motor Vehicle Account - State, Motor Vehicle Account - Federal, Motor Vehicle Account - Local, Motor Vehicle Account - Bonds, Special Category C Account - Bonds)

2001-03 Transportation Budget
Department of Transportation
Pgm I2 - Improvements - Safety
Total Appropriated
(Dollars in Thousands)

Friday, June 22, 2001
4:38 pm

| | Legislative Final |
|---------------------------------------|--------------------------|
| 1999-01 Estimated Expenditures | 139,395 |
| Total Work in Progress | 77,235 |
| Policy Changes/New Starts: | |
| 1. Transfer from Hwy & Local Programs | 100 |
| 2. Time Collection Automation System | -24 |
| 3. Administrative Reductions | -279 |
| 4. 1999-01 Reappropriation | 15,989 |
| 5. New Safety Projects | 51,936 |
| Total New Starts | 67,722 |
| Total 2001-03 Biennium | 144,957 |

Comments:

This program provides funding for the design, right of way, and construction of safety projects which improve the state highway system by correcting deficiencies where accidents have occurred and making improvements at potentially hazardous locations. Examples include realigning curves and installing guardrails.

1. Transfer from Hwy & Local Programs - Transfer of funds from Highway and Local Programs (Program Z) for improvement work done on the state system. (Motor Vehicle Account - State)

2. Time Collection Automation System - Funding is shifted to Program S to provide for the automation and maintenance of an efficient timesheet completion and approval process. System development will be funded within existing agency resources by having each affected program reduce ongoing base operations costs relative to anticipated system benefits. (Motor Vehicle Account - State)

3. Administrative Reductions - Direct project support is reduced by \$233,000. Real estate services are reduced \$18,000 and 0.1 full time equivalent (FTE) staff. The Northwest region's consultant management is eliminated with savings of \$7,000. The North Central and South Central regions will consolidate planning and materials, saving \$14,400 and 0.2 FTE per biennium. The program's share of the equipment fund savings is \$7,000. (Motor Vehicle Account - State)

4. 1999-01 Reappropriation - Reappropriations are made for expenditures moved from the 99-01 biennium to the 01-03 biennium. (Motor Vehicle Account - State, Motor Vehicle Account - Federal)

5. New Safety Projects - Funding is provided for the highest priority safety improvement projects throughout the state. (Motor Vehicle Account - Federal, Motor Vehicle Account - Local, Motor Vehicle Account - Bonds)

| | Legislative Final |
|--------------------------------------|--------------------------|
| 1999-01 Estimated Expenditures | 127,531 |
| Total Work in Progress | 101,423 |
| Policy Changes/New Starts: | |
| 1. Time Collection Automation System | -29 |
| 2. Administrative Reductions | -341 |
| 3. 1999-01 Reappropriation | 36,411 |
| 4. New Economic Initiatives Projects | 18,942 |
| Total New Starts | 54,983 |
| Total 2001-03 Biennium | 156,406 |

Comments:

This program provides funding for design, right of way, and construction of economic initiative projects which improve the state highway system by focusing on the efficiency of moving freight and goods. Examples of projects include fixing highways where travel is restricted because of freeze-thaw closures, upgrading pavements to all-weather road status, constructing new rest areas, correcting bridges and overpasses that have height or weight restrictions, and widening of highway shoulders.

1. Time Collection Automation System - Funding is shifted to Program S to provide for the automation and maintenance of an efficient timesheet completion and approval process. System development will be funded within existing agency resources by having each affected program reduce ongoing base operating costs relative to anticipated system benefits. (Motor Vehicle Account - State)

2. Administrative Reductions - Direct project support is reduced by \$284,000. Real estate services are reduced \$22,000 and 0.1 full time equivalent (FTE) staff. The Northwest region's consultant management position is eliminated with savings of \$8,000 and 0.1 FTE. The North Central and South Central regions will consolidate planning and materials, saving \$17,600 and 0.2 FTE per biennium. The program's share of the equipment fund savings is \$9,000. (Motor Vehicle Account - State)

3. 1999-01 Reappropriation - Reappropriations are made for expenditures moved from the 99-01 biennium to the 01-03 biennium. (Motor Vehicle Account - State, Multimodal Transportation Account - State, Special Category C Account - Bonds)

4. New Economic Initiatives Projects - Funding is provided for additional economic initiative projects. (Motor Vehicle Account - Federal, Motor Vehicle Account - Local, Motor Vehicle Account - Bond, Special Category C Account - State, Special Category C Account - Bonds)

| 1. Time Collection Automation System | -3 |
| 2. Administrative Reductions | -31 |
| 3. 1999-01 Reappropriation | 2,200 |
| 4. New Environmental Retrofit Projects | 13,626 |
| Total New Starts | 15,792 |
| Total 2001-03 Biennium | 18,982 |

Comments:

This program provides funding for the design, right of way, and construction of retrofit projects which improve the state highway system by correcting or reducing the impact of transportation facilities on the environment. Examples include fixing culverts under highways to enable fish to pass through them, rebuilding structures that discharge storm water, and reducing the public's exposure to noise by constructing noise walls along highways.

1. Time Collection Automation System - Funding is shifted to Program S to provide for the automation and maintenance of an efficient timesheet completion and approval process. System development will be funded within existing agency resources by having each affected program reduce ongoing base operating costs relative to anticipated system benefits. (Motor Vehicle Account - State)

2. Administrative Reductions - Direct project support is reduced by \$26,000. Real estate services are reduced \$2,000. The Northwest region's consultant management position is eliminated with savings of \$1,000. The North Central and South Central regions will consolidate planning and materials, saving \$1,600 and 0.1 full time equivalent staff per biennium. (Motor Vehicle Account - State)

3. 1999-01 Reappropriation - Reappropriations are made for expenditures moved from the 99-01 biennium to the 01-03 biennium. (Motor Vehicle Account - State)

4. New Environmental Retrofit Projects - Funding is provided for additional environmental retrofit projects. Examples of projects include retrofitting existing stormwater systems, removing identified fish barriers, reducing noise, and improving air quality. (Motor Vehicle Account - State, Motor Vehicle Account - Federal)

| 1999-01 Estimated Expenditures | 261,331 |
| 2001-03 Maintenance Level | 269,289 |
| Policy Changes: | |
| 1. ESA Requirements-Maintenance | 400 |
| 2. Time Collection Automation System | -182 |
| 3. Administrative Reductions | -7,869 |
| 4. Increase Maintenance Activities | 6,300 |
| 5. Reinstate CTR | 185 |
| 6. System Additions | 7,287 |
| 7. Service Delivery Cost Increases | 2,143 |
| 8. Maintenance Work Zone Safety Needs | 1,520 |
| 9. Endangered Species Act Requirements | 900 |
| Total Policy Changes | 10,684 |
| Total 2001-03 Biennium | 279,973 |

Comments:

This program provides funding for a variety of maintenance functions related to the state highway system. These functions include maintenance on roadways, drainage systems, slopes, roadsides, landscapes, bridges, tunnels, and rest areas. Additional functions include snow & ice control, traffic services, third party damage repair, and disaster maintenance activities.

1. ESA Requirements-Maintenance - Funding is provided for additional staff to identify environmentally sensitive areas and support maintenance crews in implementing Best Management Practices on a consistent statewide basis. This increase will assist the Department in complying with environmental regulations. (Motor Vehicle Account - State)

2. Time Collection Automation System - Funding is shifted to Program S to provide for the automation and maintenance of an efficient timesheet completion and approval process. System development will be funded within existing agency resources by having each affected program reduce ongoing base operating costs relative to anticipated system benefits. (Motor Vehicle Account - State)

3. Administrative Reductions - Funding is decreased as a result of creating administrative efficiencies by reorganizing duties, eliminating vacant positions, eliminating funding support for commute trip reduction, making revisions in TEF equipment rental rates, reassigning TEF equipment, and reducing inventory and stores administration. (Motor Vehicle Account - State)

4. Increase Maintenance Activities - Funding is provided for the following activities: LED Conversion - to convert traffic signal lights from incandescent bulbs to LED bulbs (one-time); Bridge Scour Maintenance - to address deficiencies in bridge foundation protection around bridge piers and abutments; sign bridge maintenance - to address deficiencies in the securing, bracing, and support systems; Eastern Region Bridge Crew - for the Eastern Region to staff and maintain their own bridge crew; Maintenance Management System - for the study and review of enhancements to the existing Maintenance Accountability Process (MAP). (Motor Vehicle Account - State)

5. Reinstate CTR - Funding is restored to provide funding to cover the cost of maintenance program participation in the internal WSDOT Commute Trip Reduction Program. (Motor Vehicle Account - State)

6. System Additions - Funding is provided to maintain highway inventory items added to the system during the 1999-01 biennium. This increase provides additional dollars and staff to maintain the state highway system at level of service (LOS C). (Motor Vehicle Account - State)

2001-03 Transportation Budget
Department of Transportation
Pgm M - Highway Maintenance
Total Appropriated

7. Service Delivery Cost Increases - Funding is provided for cost increases in the following areas: electricity, utilities, environmental requirements, and 40 road & weather information sites. (Motor Vehicle Account - State)

8. Maintenance Work Zone Safety Needs - Funding is provided for additional safety needs resulting from growing traffic volumes in urban and rural areas of the state and revised work zone traffic control guidelines. This decision package funds a variety of specialized equipment necessary to accomplish traffic control duties. (Motor Vehicle Account - State)

9. Endangered Species Act Requirements - Funding is provided to train maintenance employees regarding Best Management Practices of Road Maintenance in order to comply with federal Endangered Species Act (ESA) requirements. In addition, maintenance personnel will identify, map and sign environmentally sensitive areas. (Motor Vehicle Account - State)

| 2. Administrative Reductions | -713 |
| 3. 1999-01 Reappropriation | 3,800 |
| 4. New Roadway Preservation Projects | 161,968 |
| Total New Starts | 164,977 |
| Total 2001-03 Biennium | 278,682 |

Comments:

The Preservation program is responsible for preserving the structural integrity of the state highway system. The Roadway Preservation sub-program provides funds to repair, repave, and restripe state-owned highways, as well as restoring existing safety features.

1. Time Collection Automation System - Funding is shifted to Program S to provide for the automation and maintenance of an efficient timesheet completion and approval process. System development will be funded within existing agency resources by having each affected program reduce ongoing base operating costs relative to anticipated system benefits. (Motor Vehicle Account - State)

2. Administrative Reductions - Direct project support is reduced by \$594,000. Real estate services are reduced \$46,000 and 0.2 full time equivalent (FTE) staff. The Northwest region's consultant management position is eliminated, saving \$17,000. the North Central and South Central regions will consolidate planning and materials, savings \$36,800 and 0.4 FTE per biennium. The program's share of the equipment fund savings is \$19,000. (Motor Vehicle Account - State)

3. 1999-01 Reappropriation - Reappropriations are made for expenditures moved from the 99-01 biennium to the 01-03 biennium. (Motor Vehicle Account - State, Motor Vehicle Account - Federal)

4. New Roadway Preservation Projects - Funding is provided for additional preservation projects that will preserve state highway system pavements and restore existing safety features. (Motor Vehicle Account - State, Motor Vehicle Account - Federal, Motor Vehicle Account - Local, Multimodal Transportation Account - State, Multimodal Transportation Account - Federal)

| Total New Starts | 105,419 |
| Total 2001-03 Biennium | 167,962 |

Comments:

The Preservation program is responsible for preserving the structural integrity of the state highway system. The Structures Preservation sub-program provides funds to repair or replace bridges, tunnels, and overpasses on state-owned highways. Work includes painting bridges, repairing bridge decks, and protecting structures against earthquake damage.

1. Time Collection Automation System - Funding is shifted to Program S to provide for the automation and maintenance of an efficient timesheet completion and approval process. System development will be funded within existing agency resources by having each affected program reduce ongoing base operating costs relative to anticipated system benefits. (Motor Vehicle Account - State)

2. Administrative Reductions - Direct project support is reduced by \$310,000. Real estate services are reduced \$24,000 and 0.1 full time equivalent (FTE) staff. the Northwest region's consultant management position is eliminated savings \$9,000 and 0.1 FTE. The North Central and South Central regions will consolidate planning and materials, saving \$19,200 and 0.2 FTE per biennium. the program's share of the equipment fund savings is \$10,000. (Motor Vehicle Account - State)

3. New Structure Preservation Projects - Funding is provided for projects that preserve the structural and operating integrity of the state highway bridges, including replacement of existing deficient bridges and modifications to reduce the risk of naturally-caused catastrophic bridge failure. (Motor Vehicle Account - State, Motor Vehicle Account - Federal, Motor Vehicle Account - Local, Multimodal Transportation Account - State, Multimodal Transportation Account - Federal)

4. Emergency Repair Funds - Funding is provided to repair damage to bridges, tunnels, and overpasses on the state highway system resulting from the February 28, 2001 earthquake. (Motor Vehicle Account - State, Motor Vehicle Account - Federal)

| 6. Emergency Repair Funds | 25,000 |
| Total New Starts | 96,869 |
| Total 2001-03 Biennium | 131,528 |

Comments:

The Preservation program is responsible for preserving the structural integrity of the state highway system. The Other Facilities Preservation sub-program provides funds to rebuild and remodel rest areas, construct truck weigh stations, and stabilize slopes near highways to prevent erosion and mudslides.

1. Revolving Fund Reductions - Funding is reduced for decreased levels of revolving fund charges from other agencies. (Motor Vehicle Account - State)

2. Time Collection Automation System - Funding is shifted to Program S to provide for the automation and maintenance of an efficient timesheet completion and approval process. System development will be funded within existing agency resources by having each affected program reduce ongoing base operating costs relative to anticipated system benefits. (Motor Vehicle Account - State)

3. Administrative Reductions - Direct project support is reduced by \$233,000. Real estate services are reduced \$18,000 and 0.1 full time equivalent (FTE) staff. The Northwest region's consultant management position is eliminated, saving \$7,000 and 0.1 FTE. The North Central and South Central regions will consolidate planning and materials, savings \$14,400 and 0.1 FTE per biennium. In addition, \$2.8 million of the agency reserve for emergent needs is eliminated. Emergent needs are those one-time costs that were unforeseen at the time of budget development. The program's share of the equipment fund savings is \$7,000. (Motor Vehicle Account - State)

4. 1999-01 Reappropriation - Reappropriations are made for expenditures moved from the 99-01 biennium to the 01-03 biennium. (Motor Vehicle Account - State)

5. New Other Preservation Projects - Funding is provided for projects that will preserve state facilities other than roadways and bridges, such as rest areas, weigh stations, unstable slopes, major drainage, and electrical systems. (Motor Vehicle Account - State, Motor Vehicle Account - Federal, Motor Vehicle Account - Local, Multimodal Transportation Account - State)

6. Emergency Repair Funds - Funding is provided for slope stabilization and repair on the state highway system resulting from the February 28, 2001 earthquake. (Motor Vehicle Account - State, Motor Vehicle Account - Federal, Motor Vehicle Account - Bond)

2001-03 Transportation Budget
Department of Transportation
Pgm Q - Traffic Operations
Total Appropriated
(Dollars in Thousands)

Friday, June 22, 2001
4:38 pm

| | Legislative Final |
|--|--------------------------|
| 1999-01 Estimated Expenditures | 28,437 |
| 2001-03 Maintenance Level | 31,252 |
| Policy Changes: | |
| 1. Time Collection Automation System | -22 |
| 2. General Inflation | -181 |
| 3. Administrative Reductions | -1,415 |
| 4. Traffic Control Device Enhancements | 1,500 |
| 5. Continue Highway Service Patrols | 1,177 |
| 6. Expanded Express Lane Operations | 216 |
| Total Policy Changes | 1,275 |
| Total 2001-03 Biennium | 32,527 |

Comments:

The Traffic Operations program is responsible for working towards the highest usage of the existing highway transportation system, utilizing regulatory measures and traffic control devices as primary tools for maximizing existing capacity and improving safety. The operations sub-program provides funding for traffic flow control and low cost enhancements such as express lane and tunnel operations, ramp meters, and traveler information.

1. Time Collection Automation System - Funding is shifted to Program S to provide for the automation and maintenance of an efficient timesheet completion and approval process. System development will be funded within existing agency resources by having each affected program reduce ongoing base operating costs relative to anticipated system benefits. (Motor Vehicle Account - State)

2. General Inflation - General inflation added within the maintenance level is removed in the policy level. (Motor Vehicle Account - State)

3. Administrative Reductions - Funding is decreased through savings which include reductions in technical support, centralizing sign fabrication inspection, reducing costs in other activities through innovations in technology and the Internet. (Motor Vehicle Account - State)

4. Traffic Control Device Enhancements - Funding is provided for programmatic enhancements, such as increased incident responses and additional low-cost enhancements, due to traffic volume increases. Low cost enhancements may include warning sign installation, re-striping roads for improved traffic flow, crosswalks, or mountain pass cameras. (Motor Vehicle Account - State, Motor Vehicle Account - Local)

5. Continue Highway Service Patrols - Funding is provided for the continuation of the Highway Service Patrol Program. Due to the successful results of the efforts in the 99-01 biennium by the Washington State Department of Transportation, the Washington State Patrol and the Washington Tow Truck Association, service patrols on four heavily-traveled sections of I-5 and SR16 will be continued. (Motor Vehicle Account - State)

6. Expanded Express Lane Operations - Funding is provided for a shortened turnaround time of the Express Lanes. This shorter turnaround time translates to a "delay reduction" for the traveling public. This item also increases staffing for the weekends to the corresponding weekday staffing level to address the increasing volumes of traffic during weekends. (Motor Vehicle Account - State)

2001-03 Transportation Budget
Department of Transportation
Pgm Q - Traffic Operations - Cap

| | Legislative Final |
|--|--------------------------|
| 1999-01 Estimated Expenditures | 9,623 |
| Total Work in Progress | 193 |
| Policy Changes/New Starts: | |
| 1. 1999-01 Reappropriation | 7,308 |
| 2. Commercial Vehicle Info System | 1,275 |
| 3. Intelligent Transportation Projects | 15,444 |
| Total New Starts | 24,027 |
| Total 2001-03 Biennium | 24,220 |

Comments:

The Traffic Operations program is responsible for working towards the highest usage of the existing highway transportation system, utilizing regulatory measures and traffic control devices as primary tools for maximizing existing capacity and improving safety. The capital sub-program provides funding for construction of Intelligent Transportation System (ITS) projects to improve commercial vehicle operations, traveler information, and improved safety and congestion relief by applying advanced technology to transportation.

1. 1999-01 Reappropriation - Reappropriations are made for expenditures moved from the 99-01 biennium to the 01-03 biennium. (Motor Vehicle Account - State, Motor Vehicle Account - Federal)

2. Commercial Vehicle Info System - Funding is provided to expand full Commercial Vehicle Information Systems and Network (CVISN) capability at three existing weigh stations, giving Washington State Patrol Commercial Vehicle Officers real-time decision support for motor carrier safety screening and enforcement at the roadside. This level of investment brings the statewide total to ten weigh station sites. (Motor Vehicle Account - State)

3. Intelligent Transportation Projects - Funding is provided for Intelligent Transportation System (ITS) projects designed to enhance the operations of transportation systems through the use of information technologies and electronic advancements. Each year, Congress earmarks federal funds for ITS projects which are matched with at least 20 percent state funds and for which states pay ongoing maintenance costs. (Motor Vehicle Account - State, Motor Vehicle Account - Federal)

Comments:

This program funds the administrative and core business support functions of the Department. These functions include Executive Management and Support, Finance and Administrative Services, Regional Management and Support, Management Information Systems Operations, Major Information Systems Maintenance, and Interjurisdictional Studies.

1. Revolving Fund Reductions - Funding is reduced for decreased levels of revolving fund charges from other agencies. (Motor Vehicle Account - State)

2. Time Collection Automation System - Funding is shifted to Program S to provide for the automation and maintenance of an efficient timesheet completion and approval process. System development will be funded within existing agency resources by having each affected program reduce ongoing base operating costs relative to anticipated system benefits. Ongoing savings in ensuing biennia are anticipated to exceed \$820 thousand. (Motor Vehicle Account - State, Multimodal Transportation Account - State)

3. Metadata Repository - This provides funding to establish and administer an enterprise information catalog system for data. (Motor Vehicle Account - State)

4. General Inflation - General inflation added within the maintenance level is removed in the policy level. (Motor Vehicle Account - State)

2001-03 Transportation Budget
Department of Transportation
Pgm S - Transportation Management
Total Appropriated

5. Administrative Reductions - Executive management and support will generate savings of \$545,586 and 2.5 full time equivalent (FTEs) staff positions by consolidating job duties and reducing travel and goods and services, among other actions. Centralizing all region's accounts payable functions in the Olympia Service Center will save 7 FTE staff positions and \$840,000 per biennium agency-wide. This program's share of these savings is \$480,000 and 4.0 FTE staff positions. Reductions in work force and goods and services will lower expenditures by \$932,000 and 8.5 FTE staff positions. In addition, reductions of \$2,838,200 and 1.5 FTE staff positions are taken in information technology. \$300 K of the above is restored and offset in additional administration reductions in programs D and T; monies to be used for increased performance monitoring activities. Maintains HR function (and retains FTE) to facilitate handling agency personnel needs. Continues funding at current level for Government Relations office to ensure liaison activities with feds et al. retains Audit Office efforts to maintain accountability activities. (Motor Vehicle Account - State)

6. 1999-01 Reappropriation - Reappropriation for expenditures moved from the 99-01 biennium to the 01-03 biennium. (Motor Vehicle Account - State)

7. Collision Reporting Project - Funding is provided to complete the Collision Reporting System at the Department of Transportation, including the process of entering accident reports in the system from 1997 for the state, cities and counties. Beginning on July 1, 2003, the Department of Transportation will be responsible for the complete collision reporting processes for the State of Washington, at which time the Washington State Patrol's 5 positions and staff handling accident report requests will be transferred to the Department of Transportation along with the existing funding (\$1.45 million) and revenue associated with the collision reporting processes. (Motor Vehicle Account - State, State Patrol Highway Account - State)

8. Commercial Vehicle Info System - Funding is provided for the MIS portion of expanding full Commercial Vehicle Information Systems and Network (CVISN) capability at three existing weigh stations, giving Washington State Patrol Commercial Vehicle Officers real-time decision support for motor carrier safety screening and enforcement at the roadside. This level of investment brings the statewide total to ten weigh station sites. (Motor Vehicle Account - State)

9. Personal Computers Acquisition - Funding is provided for the Environmental Engineering Service Center to purchase new computer hardware in order to "catch up" to the existing agency level of standard. (Motor Vehicle Account - State)

10. WSF Terminal Engineering Project - Funding is provided for the purchase and implementation of an electronic system to securely archive current and past contract documentation that is used by Washington State Ferries for future project design. (Motor Vehicle Account - State)

11. Information Services Reductions - Agency-wide budget reductions are made within Management Information Service (MIS) due to the loss of Motor Vehicle Excise Tax revenues. MIS will replace contractors with permanent employees and consolidate functions into the Legion Building. Current workload will be realigned with highest priority agency needs. (Motor Vehicle Account - State)

12. Eastern Region Network Maintenance - Funding is provided for the Eastern Region computer network maintenance and operations to be increased to maintain existing infrastructure at the Department's standard level. (Motor Vehicle Account - State)

13. Automated Operation Support - Funding is provided for contractor assistance to support the Automated Operations Support System within the Washington State Ferries. (Puget Sound Ferry Operations Account - State)

14. Ferry Engineering Software - Funding is provided to upgrade engineering software and hardware for Washington State Ferries (WSF). These specialized programs include existing applications that are sensitive to code revisions, emerging technology, and new personal computer based applications that would allow WSF engineering staff to perform complex engineering analysis in support of capital and maintenance activities. (Motor Vehicle Account - State)

15. Federal Aid Tracking System Phase 2 - Funding is provided for ongoing maintenance and support of the new Federal Aid Tracking System. (Motor Vehicle Account - State)

16. Tools to Manage Project Delivery - Funding is provided for the remaining acquisition, development, and implementation of a network desktop tool for project management. Initial costs are partially funded within existing agency resources and ensuing biennial savings beginning in 03-05 are anticipated to exceed \$700 thousand. (Motor Vehicle Account - State)

2001-03 Transportation Budget
Department of Transportation
Pgm S - Transportation Management
Total Appropriated

17. Environmental Cost Accounting - Funding is provided for the development of data system tools to collect and manage environmental cost-accounting data that will improve the Department's ability to include this information in environmental project benefit/cost analyses. MIS will pay computer costs for the project. (Motor Vehicle Account - State)

18. Environmental Compliance Data Tools - Funding is provided to develop data system tools to collect and manage environmental permit data that will enable the Department to track the status and requirements of project's environmental elements. MIS will pay computer costs for the project. (Motor Vehicle Account - State)

19. WSF Revenue Collection System - This item provides funding to purchase, install, and implement a new revenue collection system to replace the current Washington State Ferries (WSF) Point-of-Sale System. This proposal assumes WSF resumes participation in the Regional Fare Vending initiative (RFV) and includes federal funding from that project and ongoing operating costs associated with WSF's commitment to the RFV project. (Motor Vehicle Account - State, Motor Vehicle Account - Federal)

20. Vessel/Terminal Capital Investment - Funding is provided for the MIS costs associated with additional category 1 (vital systems) preservation work on existing vessels and terminals funded in the Washington State Ferries Capital program (Program W). (Motor Vehicle Account - State)

| Total 2001-03 Biennium | 40,037 |

Comments:

This program manages, coordinates, and supports the multimodal transportation planning, data, and research needs of the Department. Planning activities include coordinating long-range plan development, working jointly with local jurisdictions and administering pass-through funds. Data and research activities support the construction program.

1. Freight Movement Study - Funding is provided for the Department to work with the Transportation Research Center to conduct an origin and destination study to determine the impacts of trade-related truck traffic and other freight impacts on the transportation system. (Motor Vehicle Account - State)

2. Transportation Planning - Funding is provided to implement Transportation Planning improvements as directed in 2ESSB 5749. (Motor Vehicle Account - State)

3. Time Collection Automation System - Funding is shifted to Program S to provide for the automation and maintenance of an efficient timesheet completion and approval process. System development will be funded within existing agency resources by having each affected program reduce ongoing base operating costs relative to anticipated system benefits. . (Motor Vehicle Account - State)

4. General Inflation - General inflation added within the maintenance level is removed in the policy level. (Motor Vehicle Account - State, Motor Vehicle Account - Federal, Multimodal Transportation Account - State)

5. Administrative Reductions - Funding is reduced by \$700 thousand for pass-through funds to Regional Transportation Planning Organizations (RTPOs). This funding is used for regional coordination in updating the Washington Transportation Plan. An additional \$200 thousand is reduced in administrative costs. (Motor Vehicle Account - State)

6. Collision Reporting Project - Funding is provided to complete the Collision Reporting System at the Department of Transportation, including the process of entering accident reports in the system from 1997 for the state, cities and counties. Beginning on July 1, 2003, the Department of Transportation will be responsible for the complete collision reporting processes for the State of Washington, at which time the Washington State Patrol's 5 positions and staff handling accident report requests will be transferred to the Department of Transportation along with the existing funding (\$1.45 million) and revenue associated with the collision reporting processes. (Motor Vehicle Account - State)

2001-03 Transportation Budget
Department of Transportation
Pgm T - Transpo Plan, Data & Resch
Total Appropriated

7. Reappropriations from 99-01 Biennium - Reappropriation of funding is made within the Transportation Planning program to complete the modal tradeoff model research. One-time funding of \$350,000 was provided in the 99-01 biennium to develop an analytic method for comparing investment results in different modes or strategies, such as highways, passenger rail, freight rail, and transit. It is anticipated that only \$250,000 of the 99-01 biennium appropriation will be spent, resulting in a \$100,000 underrun in program spending. This appropriation will direct the 99-01 biennium savings back into the research project in order for the intended \$350,000 to be used for the intended purposes. (Motor Vehicle Account - State)

8. Reduction & Funding Realignment - Funding is reduced to match available revenues through program-wide reductions and funding realignment. (Motor Vehicle Account - State, Motor Vehicle Account - Federal, Multimodal Transportation Account - State, Multimodal Transportation Account - Federal)

Comments:

This program funds payments to other state agencies for services provided to the Department. These services include archives, legal services and self-insurance premiums, facilities, and personnel services, to name a few.

1. GA Office of Risk Mgmt Fees - Funding is provided for services performed by the Department of General Administration Office of Risk Management, including claim, commercial insurance, and loss prevention services. (Motor Vehicle Account - State, Puget Sound Ferry Operations Account - State)

2. Auditing Services - Funding is provided for audit services performed by the Office of the State Auditor, in accordance with statutory requirements. (Motor Vehicle Account - State)

3. Facilities & Svcs/Consolidated Mail - Funding is provided for services performed by the Department of General Administration, including transportation building maintenance, utilities, custodial services, consolidated mail services, and the Department's share of costs to maintain general capitol campus facilities. (Motor Vehicle Account - State)

4. Personnel Services - Funding is provided for services performed by the Department of Personnel. (Motor Vehicle Account - State)

5. Self Insurance Liability Prem/Admin - Funding is provided for the Department's share of premiums paid to the Self Insurance Liability Fund, including tort defense costs. (Motor Vehicle Account - State, Puget Sound Ferry Operations Account - State)

6. OMWBE - Funding is provided for charges from the Office of Minority and Women's Business Enterprises (OMWBE) for administration of their program. (Motor Vehicle Account - State)

7. GA - Capital Projects Surcharge - Funding is provided for charges from General Administration associated with capital rehabilitation projects on the capitol campus. (Motor Vehicle Account - State)

8. Archives & Records Management - Funding is provided for charges from the Office of the Secretary of State for archive services. (Motor Vehicle Account - State)

| 1. Time Collection Automation System | -6 |
| 2. General Inflation | -500 |
| 3. Administrative Reductions | -350 |
| 4. Public Transit Safety Audits | 100 |
| 5. Trip Reduction Program Adds | -4,400 |
| Total Policy Changes | -5,156 |
| Total 2001-03 Biennium | 14,439 |

Comments:

This program provides support for public transportation and commute trip reduction (CTR) efforts throughout the state. Included in these efforts are the Rural Mobility Grant Program, Agency Council on Coordinated Transportation Program, High capacity Transportation, Transportation Demand Management, and Modal Coordination.

1. Time Collection Automation System - Funding is shifted to Program S to provide for the automation and maintenance of an efficient timesheet completion and approval process. System development will be funded within existing agency resources by having each affected program reduce ongoing base operating costs relative to anticipated system benefits. (Multimodal Transportation Account - State)

2. General Inflation - General inflation added within the maintenance level is removed in the policy level. (Multimodal Transportation Account - State)

3. Administrative Reductions - Funding is reduced through shifting some administrative costs for grant administration of federal programs from state to federal funding, reducing technical assistance to local jurisdictions for evaluating Commute Trip Reduction programs, and reducing funding for Commute Trip Reduction public awareness campaigns. (Multimodal Transportation Account - State)

4. Public Transit Safety Audits - Funding is provided for the Department to conduct terminal safety reviews on rail fixed guideway systems not regulated by the Federal Railroad Administration. In 1999, the Legislature designated WSDOT responsible for conducting on-site audits of these locally-owned systems at least once every three years (RCW 81.104.115). Currently the City of Seattle and King County own or operate such systems. Two possible future owners include Sound Transit and the Spokane Transit Authority. The Department will carry out audits with this funding. Reimbursement by locals may occur should the proposed authorizing legislation be enacted. (Multimodal Transportation Account - State)

5. Trip Reduction Program Adds - Funding is reduced for the loss of Federal Congestion Mitigation and Airquality (CMAQ) funds. (Multimodal Transportation Account-Federal)

| 4. Eagle Harbor Study | 150 |
| Total New Starts | 87,292 |
| Total 2001-03 Biennium | 187,376 |

Comments:

This program provides funding for the investment in or preservation of boats and terminals in order to maintain a safe, efficient ferry system. Three major activities categories within this program are terminals, vessels, and emergency repairs.

1. Time Collection Automation System - Funding is shifted to Program S to provide for the automation and maintenance of an efficient timesheet completion and approval process. System development will be funded within existing agency resources by having each affected program reduce ongoing base operating costs relative to anticipated system benefits. (Motor Vehicle Account - State)

2. Vessel/Terminal Capital Investment - Funding is provided for ferry capital projects, including preservation of existing vessels and terminals, construction of new multimodal terminals, and other projects. (Motor Vehicle Account - State)

3. Purchase Passenger Only Boat - Funding is provided for the purchase of a new passenger only boat. The purchase is contingent on the sale of two older existing boats which no longer provide functional service to the system. (Passenger Ferry Account - State, Passenger Ferry Account - Federal)

4. Eagle Harbor Study - Provides one-time funding for a Legislative oversight committee to contract with an outside consulting firm to conduct a study on the preservation, replacement or supplementation of the Eagle Harbor maintenance facility. The study must analyze: (a) the costs and benefits to preserve and maintain or relocate the facility; (b) the impact of Eagle Harbor employment on the local community and Kitsap county; and (c) a recommendation on future investment in the Eagle Harbor maintenance facility or possible alternatives. The oversight committee must report back to the legislature no later than December 10, 2001. (Motor Vehicle Account - State)

| Total Policy Changes | 16,145 |
| Total 2001-03 Biennium | 321,673 |

Comments:

This program provides for the maintenance and operations of the Washington State Ferry boats and terminals. It contains three major activity categories: daily operations of the boats and terminals, maintenance of both, and administrative support. The Washington State Ferry system (WSF) is the largest in the nation.

1. Time Collection Automation System - Funding is shifted to Program S to provide for the automation and maintenance of an efficient timesheet completion and approval process. System development will be funded within existing agency resources by having each affected program reduce ongoing base operating costs relative to anticipated system benefits. (Motor Vehicle Account - State)

2. Continue Passenger Ferry Service - Funding is provided for the continuation of weekday passenger-only ferry service for the Vashon-Fauntleroy and Seattle-Bremerton ferry runs. This item provides the funding necessary to continue that passenger-only ferry service and is contingent upon an increase in the passenger-only ferry fares consistent with the recommendations of the Ferry Tariff Advisory Committee. (Puget Sound Ferry Operations Account - State)

3. Continue Existing Auto Service - Funding is provided to continue the existing level of auto ferry service. These funds will add engine room crews on the Evergreen State and a fourth Super Class Vessel. They will also provide for additional planned maintenance upgrades for the Tillikum and Klahowya vessels. (Motor Vehicle Account - State, Puget Sound Ferry Operations Account - State)

4. OPEIU Contract - Salary Adjustments - In the 1999-01 contract negotiations with the Office Professional Employees' International Union (OPEIU), the union agreed to a contract with the understanding that the ferry system would undertake a survey to determine equity. The survey determined several classifications were inappropriately compensated compared to external positions. The Department will address these issues and absorb costs by saving an equivalent amount in non-labor functions. (Motor Vehicle Account-State)

| 1. Regional Governance Pilot Model | 150 |
| 2. Concurrency Issue Study | 250 |
| 3. Seattle Seawall | 500 |
| 4. Time Collection Automation System | -8 |
| 5. General Inflation | -48 |
| 6. Administrative Reductions | -237 |
| 7. Local Programs Operating Reduction | -472 |
| Total Policy Changes | 135 |
| Total 2001-03 Biennium | 8,950 |

Comments:

Through this program, the Department assists local agencies, including cities, counties, transit agencies, Indian tribes, and other state and federal agencies. Services include providing help in obtaining federal funds to plan and improve transportation facilities and equipment, engineering training and advice, technical training opportunities, and information on new technology applications in traffic engineering and safety analyses.

1. Regional Governance Pilot Model - Funding is provided for a one-year trial of a Regional Governance Pilot Model that will be developed and implemented by staff to the Watcom Council of Governments. (Multimodal Transportation Account - State)

2. Concurrency Issue Study - Funding is provided for a study of concurrency issues in urban areas marked by multiple contiguous jurisdictions. The study is to focus on the jurisdictions of Bellevue, Kirkland, Issaquah, and Redmond and look at existing and unused methodologies for including development in neighboring jurisdictions in concurrency calculations. (Motor Vehicle Account - State)

3. Seattle Seawall - Funding is provided for a study of alternatives for repairing or replacing the Seattle sea wall. Funding of up to \$500 thousand is contingent on a dollar for dollar match by the City of Seattle. (Motor Vehicle Account - State)

4. Time Collection Automation System - Funding is shifted to Program S to provide for the automation and maintenance of an efficient timesheet completion and approval process. System development will be funded within existing agency resources by having each affected program reduce ongoing base operating costs relative to anticipated system benefits. (Motor Vehicle Account-State)

5. General Inflation - General inflation added within the maintenance level is removed in the policy level. (Motor Vehicle Account - State, Motor Vehicle Account - Federal)

6. Administrative Reductions - Funding is reduced for technical support provided to cities and counties, savings \$237,000 per biennium. (Motor Vehicle Account - State)

7. Local Programs Operating Reduction - Funding is reduced for local programs operation activities. (Motor Vehicle Account - State)

| Total Work in Progress | 0 |
| Policy Changes/New Starts: | |
| 1. Transfer to Improvement Program | -100 |
| 2. 1999-01 Reappropriation | 87,870 |
| 3. Local Programs Capital | 6,159 |
| Total New Starts | 93,929 |
| Total 2001-03 Biennium | 93,929 |

Comments:

The Department manages federal aid to counties and cities for design, right of way, and construction work off the state highway system. This program assists local agencies by distributing federal funds to those local jurisdictions for enhancements projects and road and street construction projects.

1. Transfer to Improvement Program - Transfer of funds to the Improvement program (Program I) for improvement work done on the state system. (Motor Vehicle Account - State)

2. 1999-01 Reappropriation - Reappropriations are made for the following expenditures moved from the 99-01 biennium to the 01-03 biennium: \$39.7 million for Freight Mobility Strategic Investment Board projects, \$201 thousand for the Allen Street Bridge, \$9.8 million for City Corridor Congestion Relief projects, \$4.9 million for school safety projects, \$2.0 million for City Fish Passage projects, \$14.4 million for County Corridor Congestion Relief projects, \$4.7 million for Small City Pavement Preservation projects, \$10.0 million for Columbia River dredging, \$150 thousand for Steilacoom RR crossing, \$270 thousand for SR 536 flood mitigation, and \$1.7 million for State Infrastructure Bank. (Highway Infrastructure Account - State, Highway Infrastructure Account - Federal, Motor Vehicle Account - State, Motor Vehicle Account - Bonds, Urban Arterial Trust Account - State, Multimodal Transportation Account - State)

3. Local Programs Capital - Funding is provided for the continuation of grants to high priority local projects. This item includes \$2.0 million for the School Safety Enhancement program and \$4.2 million for the Small City Pavement Preservation program. (Motor Vehicle Account - State)

2001-03 Transportation Budget
Washington State Patrol
Field Operations Bureau
Total Appropriated
(Dollars in Thousands)

| | Legislative Final |
|--|--------------------------|
| 1999-01 Estimated Expenditures | 168,589 |
| 2001-03 Maintenance Level | 168,337 |
| Policy Changes: | |
| 1. General Inflation | -452 |
| 2. Increase Vehicle Safety Inspections | 3,150 |
| 3. Police Equipment | 500 |
| 4. Eliminate Out of State VIN | -3,451 |
| 5. School Bus Inspections | 1,250 |
| Total Policy Changes | 997 |
| Total 2001-03 Biennium | 169,334 |

Comments:

Field Operations Bureau includes State Patrol highway trooper activities related to transportation, commercial vehicle enforcement, vehicles identification number inspections, school bus inspections, and traffic investigations.

1. General Inflation - Inflation is added within the maintenance level budget and is removed from the policy level. (State Patrol Highway Account - State)

2. Increase Vehicle Safety Inspections - Provides one time funding for 10 new Commercial Vehicle Officers. MCSAP is a federal program in which the federal government provides 80 percent of the funding and the state provides 20 percent of the funding. Funding is provided for salaries, benefits (\$1,390,000), 10 new vehicles and equipment (\$314,000), fuel and maintenance (\$116,000) and other federal and agency support costs (\$1,330,000). These positions will be filled with existing VIN personnel. (State Patrol Highway Account - State, State Patrol Highway Account - Federal)

3. Police Equipment - Provides ongoing funding for police equipment for state patrol officers. The agency, based on their equipment priorities, will select among the following items for purchase along with quantities: All weather jackets and pants, cadet equipment, raincoats, protective masks, locking blocks, body armor, weapons, firearm simulators, cell phones and pagers, breath test instruments, speed measuring devices, spike strips, laptop computers and projectors. Funds not expended on these items will revert at the end of the biennium. (State Patrol Highway Account - State)

4. Eliminate Out of State VIN - Funding is reduced due to the elimination of the out of state vehicle inspections. All displaced VIN personnel shall be placed in vacant positions within the agency. The agency shall transfer displaced VIN personnel into the 10 new school bus inspection positions, the 10 new MCSAP positions and 28 positions in the Commercial Vehicle Enforcement Division. \$459,000 is retained for reallocation toward highway related activities. (State Patrol Highway Account - State)

5. School Bus Inspections - Provides funding for enhanced school bus inspections. These positions will be filled with existing VIN personnel. (State Patrol Highway Account - State)

| 1999-01 Estimated Expenditures | 68,914 |
| 2001-03 Maintenance Level | 69,888 |
| Policy Changes: | |
| 1. Eliminate TEIS Contract | -100 |
| 2. General Inflation | -469 |
| 3. Pursuit Vehicle Replacement | 1,083 |
| 4. Uniform Impound Authorization Forms | 40 |
| 5. Biennialize Admin Reduction | -412 |
| 6. Update Revolving Funds | -165 |
| 7. Mission Vehicles | 830 |
| Total Policy Changes | 807 |
| Total 2001-03 Biennium | 70,695 |

Comments:

Support Services Bureau includes the Office of the Chief, Legislative Liaison, revolving accounts, Office of Professional Standards, Budget and Fiscal Services, Vehicle Fleet Management, Vehicle Maintenance and Fuel, Information Technologies Division, Property Management Division, Communications Division, Personnel, Training and the Administration Division.

1. Eliminate TEIS Contract - This ongoing item removes funding and one FTE for the Transportation Executive Information System. The TEIS system has been transferred to the Department of Transportation. (State Patrol Highway Account - State)

2. General Inflation - Inflation is added within the maintenance level budget and is removed from the policy level. (State Patrol Highway Account - State)

3. Pursuit Vehicle Replacement - Provides on-going funding for 32 pursuit vehicles at the replacement level of 110,000 miles based on the JLARC report, bringing the pursuit vehicles to be replaced to 386 vehicle per biennia to achieve the replacement level of 110,000 miles for net of salvage value (\$833 K). The JLARC recommendation was funded to a level of 354 pursuit vehicles during the 1999-01 biennium and this will complete the funding based on those recommendations. Also replaces 16 motorcycles and equipment net of salvage value at (\$250 K). Motorcycle replacement is at 36,000 miles. (State Patrol Highway Account - State)

4. Uniform Impound Authorization Forms - Provides on going funding for the uniform impound authorization and inventory form as required for in RCW 46.55.075. (State Patrol Highway Account - State)

5. Biennialize Admin Reduction - Administrative reduction (State Patrol Highway Account - State)

6. Update Revolving Funds - Revolving funds update from the General Fund budget (State Patrol Highway Account - State)

7. Mission Vehicles - Provides one time funding net of salvage value for 53 transportation mission and general purpose vehicles to be replaced at 130,000 miles. (State Patrol Highway Account - State)

| Policy Changes: | |
| 1. Shelton Academy Admin Bldg - HVAC | 400 |
| 2. Statewide Minor Works Preservation | 380 |
| 3. Sea-Tac South I-5 Weigh-in-Motion | 875 |
| 4. Sea-Tac North I-5 Weigh-in-Motion | 915 |
| 5. Everett South I-5 Weigh-in-Motion | 915 |
| Total Policy Changes | 3,485 |
| Total 2001-03 Biennium | 3,485 |

Comments:

Capital project funding is one time funding for project phases that will be completed during the 2001-03 biennium. Funding is provided as one appropriation for all of the projects listed for each funding source.

1. Shelton Academy Admin Bldg - HVAC - Provides one time funding for the replacement of the existing heating system installed in 1967. The remote central hot water boiler system will be replaced with an energy saving gas fired roof mount heating ventilation air conditioning system. (State Patrol Highway Account - State)

2. Statewide Minor Works Preservation - Provides one time funding for facility paving repairs for \$100,000 at Sunnyside, Port Angeles, Ephrata, Moses Lake and Ellensburg. Funds \$100,000 for emergency repairs. Funds \$100,000 for tower repairs at Kelso, Capital Peak, Bellingham, Creston Butte and Ellensburg. Funds \$80,000 for statewide communication sites asbestos removal. (State Patrol Highway Account - State)

3. Sea-Tac South I-5 Weigh-in-Motion - Provides one time funding for Sea Tac south I-5 weigh in motion to allow commercial vehicles to be weighed, measured for length, width and height at freeway speeds. This will reduce the number of trucks leaving the freeway to enter the scale facility and enable the commercial vehicle enforcement program to more efficiently enforce commercial vehicle regulations and improve freight mobility saving carriers time and money. (Motor Vehicle Fund - State)

4. Sea-Tac North I-5 Weigh-in-Motion - Provides one time funding for Sea Tac north I-5 weigh in motion to allow commercial vehicles to be weighed, measured for length, width and height at freeway speeds. This will reduce the number of trucks leaving the freeway to enter the scale facility and enable the commercial vehicle enforcement program to more efficiently enforce commercial vehicle regulations and improve freight mobility saving carriers time and money. (Motor Vehicle Fund - State)

5. Everett South I-5 Weigh-in-Motion - Provides one time funding for Everett south I-5 weigh in motion to allow commercial vehicles to be weighed, measured for length, width and height at freeway speeds. This will reduce the number of trucks leaving the freeway to enter the scale facility and enable the commercial vehicle enforcement program to more efficiently enforce commercial vehicle regulations and improve freight mobility saving carriers time and money. | 4. Implement Technology Strategies | 791 |
| 5. HB 2029 | 33 |
| 6. Biennialize Adm. Reductions | -58 |
| 7. Adjust Hearings Unit Workload | -30 |
| Total Policy Changes | 952 |
| Total 2001-03 Biennium | 9,337 |

Comments:

Information Services includes Technology Planning, Intranet, Technology Security, Internet, Imaging, Agency Technology Services, Vehicle Systems, Driver Systems and Administrative Systems.

1. TEIS Support Reduction - This ongoing item removes funding and one FTE for the Transportation Executive Information Systems Support (TEIS). The TEIS system has been transferred to the Department of Transportation. (Motor Vehicle Fund - State)

2. Internet Payment Option - Provides ongoing support costs and FTEs so that the Department of Licensing (DOL) can continue to offer renewal of vehicle licenses over the Internet. DOL customers will be able to make their payments using a credit card. (Motor Vehicle Fund - State)

3. General Inflation - Inflation is added in the maintenance level and removed in the policy level. (Motor Vehicle Fund - State, Highway Safety Fund - State)

4. Implement Technology Strategies - The conversion of existing legacy computer applications (circa 1970) into new server-based technology will begin. DOL will immediately convert five of the less interrelated applications and develop a formal phased implementation plan for the more complex applications. Training and additional staff to facilitate the conversion and software tools are also added. (Motorcycle Safety Education Account - State, State Wildlife Account - State, Highway Safety Fund - State, Motor Vehicle Fund - State)

5. HB 2029 - Provides one time funding for the implementation of HB 2029 (Motor Vehicle Fund - State)

6. Biennialize Adm. Reductions - Administrative Reduction (Motor Vehicle Fund - State, Highway Safety Fund- State)

7. Adjust Hearings Unit Workload - This items adjusts Hearings Unit Workload increases provided in the maintenance level. Funds are provided for the last 18 months of the biennium to hire four additional Hearings Officers and one clerical position to handle the increased volume of DUI hearings. | 9. Adjust Lease Cost Increase | -419 |
| Total Policy Changes | 2,582 |
| Total 2001-03 Biennium | 60,770 |

Comments:

Vehicle Services includes Vehicle Dealer and Manufacturers Services, Vehicle Investigations, Prorate and Fuel Taxes, Vessel Registration and Titling, Vehicle Records, Communications, Vehicle Registrations and Titling.

1. Internet Payment Option - Provides ongoing operational costs and FTEs so that the Department of Licensing (DOL) can continue to offer renewal of vehicle licenses over the Internet. DOL customers will be able to make their payments using a credit card. (Motor Vehicle Account - State)

2. General Inflation - Inflation is added in the maintenance level and removed in the policy level. (Motor Vehicle Fund - State, Highway Safety Fund - State)

3. Replace Non-Current Processors - Provides one time funding for system processors. Existing system processors will no longer be supported by the manufacturer (Hewlett Packard) beginning in 2002. New processors purchased will consolidate, streamline, and improve the quality of the Vehicle Field System computer application that supports the Vehicle Services title and registration activity throughout the state. (Motor Vehicle Fund - State)

4. Implement Technology Strategies - Provides one time funding for the conversion of existing legacy computer applications (circa 1970) into new server-based technology will begin. DOL will immediately do a project conversion of some of the less interrelated applications and develop a formal phased implementation plan for the more complex applications. Training and additional staff to facilitate the conversion and software tools are also added. (Motorcycle Safety Education Account - State, State Wildlife Account - State, Highway Safety Fund - State, Motor Vehicle Fund - State)

5. Imaging Technology - Provides one time funding for one Business Applications Architect for a total of \$96,000 and one time costs to purchase the required server technology infrastructure hardware, software licenses, and PC hardware for \$594,000. Savings of 1 FTE for \$50,000 begins in FY 2003. (Motor Vehicle Fund - State)

6. Disabled Person Parking ID - Provides ongoing funding for proposed legislation to continue the current practice of issuing identification cards, disabled placards and plates for disabled persons. Additional funding is provided for the ongoing cost for printing of the placards and postage for distribution of the documents. Legislation repealing the requirement to issue photo identification effective July 1, 2001, will accompany this item. (Highway Safety Fund - State)

Department of Licensing
Vehicle Services
Total Appropriated

- 7. HB 2029** - Provides one time funding for the implementation of HB 2029 (Motor Vehicle Fund - State)
- 8. Biennialize Adm. Reductions** - Administrative Reduction (Motor Vehicle Fund - State)
- 9. Adjust Lease Cost Increase** - This item removes 2001-03 lease cost increases for Vehicle Services facilities that were proposed under the maintenance level. The base level budget will be used to fully fund FY 2002 rents and any rent increases for FY 2003 will be considered as a supplemental item during the 2002 Legislative session. Department of Licensing will review all of its leases and determine whether it is best to own or rent based on projected future lease costs vs ownership. (Motor Vehicle Account - State)

2001-03 Transportation Budget
Department of Licensing
Driver Services
Total Appropriated
(Dollars in Thousands)

| | Legislative Final |
|--|--------------------------|
| 1999-01 Estimated Expenditures | 82,839 |
| 2001-03 Maintenance Level | 83,267 |
| Policy Changes: | |
| 1. Expanded Internet Services | 70 |
| 2. General Inflation | -185 |
| 3. Collision Processing Staff | 474 |
| 4. Driver Examining System Integration | 273 |
| 5. Implement Technology Strategies | 41 |
| 6. Update Lease Costs | -98 |
| 7. Biennialize Adm. Reductions | -8 |
| 8. Adjust Hearings Unit Workload | -245 |
| Total Policy Changes | 322 |
| Total 2001-03 Biennium | 83,589 |

Comments:

Driver Services includes Hearings and Interviews, Driver Responsibility, Driver License Examining, Motorcycle Safety and Commercial Driver Licensing.

1. Expanded Internet Services - The Department of Licensing shall expand its internet services initiative by developing a process that enables licensed drivers to replace lost or stolen driver licenses over the internet. (Highway Safety Fund - State)

2. General Inflation - Inflation is added in the maintenance level and removed in the policy level. (Motor Vehicle Fund - State, Highway Safety Fund - State)

3. Collision Processing Staff - Provides one time funding for the implementation of the Collision Analysis Records System that has been delayed by more than five years. This will enable the Department of Licensing to get the data required for driver license records until Department of Transportation has the new imaging and processing system in place on June 30, 2003. This item continues the five FTE staff positions currently handling the related data entry workload. (Highway Safety Fund - State)

4. Driver Examining System Integration - Provides one time funding for driver examining system integration. The Licensing Services Offices (LSOs) use a number of technology systems that are not compatible with each other. This item will allow the Driver License Examining (DLE) system information to be shared automatically among the LSO systems. The integration will decrease the number of manual steps that the Licensing Services Representatives take and will decrease the amount of time it takes to process customer transactions. (Highway Safety Fund - State)

5. Implement Technology Strategies - Provides one time funding for the conversion of existing legacy computer applications (circa 1970) into new server-based technology. DOL will immediately convert five of the less interrelated applications and develop a formal phased implementation plan for the more complex applications. Training and additional staff to facilitate the conversion and software tools are also added. (Motorcycle Safety Education Account - State, State Wildlife Account - State, Highway Safety Fund - State, Motor Vehicle Fund - State)

6. Update Lease Costs - Update lease costs as provided by the Department of Licensing. Department of Licensing will review all of its leases and determine whether it is best to own or rent based on projected future lease costs vs ownership. (Highway Safety Account - Fund)

| 1999-01 Estimated Expenditures | 887 |
| 2001-03 Maintenance Level | 614 |
| Policy Changes: | |
| 1. Remove Additional Workload Funding | -153 |
| 2. Additional Staff Resources | 27 |
| 3. Transportation Accountability Board | 1,188 |
| Total Policy Changes | 1,062 |
| Total 2001-03 Biennium | 1,676 |

Comments:

The LEAP Committee was created by the Legislature in 1977 (RCW 44.48) to be the Legislature's independent source of information and technology for developing budgets, communicating fiscal decisions, tracking expenditures and revenue activity, and providing analysis on special issues in support of legislative needs. They are funded through the General Fund - State, the Motor Vehicle Fund - State, and the Public Works Assistance - State.

1. Remove Additional Workload Funding - The LEAP Committee requested additional maintenance funding to support workstations, servers, software, and peripherals on a three-year replacement cycle; to support separate Transportation Committee staff; to support increasing requests for analytical information on local government services and finances; and to provide Internet access to all legislative budgets. These activities will occur within current carryforward funding levels. (Motor Vehicle Account - State)

2. Additional Staff Resources - Provides funding for an additional 0.2 FTE. Additional staff resources are proposed to: manage the increased volume of state and local government information LEAP maintains; support the increased number of fiscal staff using LEAP systems and data; respond to the increasing number of requests for specialized access to fiscal data; and to support the analysis of the impact of changes to funding sources and uses. These resources will also broaden access to fiscal information via the Internet; will improve the utility of the information by adding useful formats for decision making and communication; and improve understanding of fiscal information by adding context. (Motor Vehicle Account - State).

3. Transportation Accountability Board - Provides funding based on a fiscal note provided by LEAP and approved by the Office of Financial Management for HB 2269 or a bill in form that establishes a Transportation Accountability Board. If HB 2269 or another bill in form that creates a Transportation Accountability Board is not enacted, this funding will lapse. (Motor Vehicle Account - State)

Comments:

The Board of Pilotage Commissioners is a 9 member board that regulates state-licensed marine pilots. The board includes representatives of the shipping industry, pilot groups, public members, an environmental member, the spills program manager from the Department of Ecology and the director of Washington State Ferries. It is funded from annual license fees paid by pilots.

- 1. General Inflation** - Inflation is added in the maintenance level and removed in policy level. (Pilotage Account - State)

4:38 pm

| | Legislative Final |
|--------------------------------|--------------------------|
| 1999-01 Estimated Expenditures | 222 |
| 2001-03 Maintenance Level | 131 |
| Policy Changes: | |
| 1. General Inflation | -5 |
| Total Policy Changes | -5 |
| Total 2001-03 Biennium | 126 |

Comments:

The Utilities and Transportation Commission installs and upgrades signals and warning devices at railroad crossings. Money from this account is used to match federal dollars. For a public grade crossing on a state road, the state match is 10% of the total project cost. For a public grade crossing on a local road, the state pays 1% of the total project cost.

1. General Inflation - Inflation is added in the maintenance level and removed in the policy level. (Grade Crossing Protective Account - State)

2001-03 Transportation Budget
WA Traffic Safety Commission
Total Appropriated
(Dollars in Thousands)

Friday, June 22, 2001
4:38 pm

| | Legislative Final |
|-------------------------------------|--------------------------|
| 1999-01 Estimated Expenditures | 11,611 |
| 2001-03 Maintenance Level | 8,225 |
| Policy Changes: | |
| 1. General Inflation | -62 |
| 2. School Zone Safety Fund Increase | 500 |
| 3. DUI Task Force Funding | 150 |
| Total Policy Changes | 588 |
| Total 2001-03 Biennium | 8,813 |

Comments:

The Washington Traffic Safety Commission was established in response to the federal government's Highway Safety Act of 1966. The Commission's primary goal is to reduce the number of deaths and serious injuries that result from traffic crashes. They do this through leadership, innovation, coordination, and program support in partnership with traffic safety activists, professionals, and organizations throughout the state.

1. General Inflation - Inflation is added in the maintenance level and removed in the policy level. (Highway Safety Fund - State)

2. School Zone Safety Fund Increase - Provides an increase in funds from the School Zone Safety Fund established in 1996. Currently, over 500 police agencies participate in programs funded from the account. The School Zone Safety Fund supports local community projects, school districts and law enforcement working together to educate local citizens on traffic safety laws and issues. Increased revenues from traffic infractions and fines occurring in school zones, which are deposited in the School Zone Safety Fund, will allow expansion of existing projects and activities to make our communities and children safer. (School Zone Safety Account - State)

3. DUI Task Force Funding - Provides funding for DUI Task Forces. Community DUI Task Forces have been in operation since 1983. Currently there are 17 state-funded and four federally-funded task forces in operation. The Task Forces operate in jurisdictions covering over 85 percent of Washington State's population, working to educate local citizens on traffic safety laws and issues, to assist law enforcement agencies in traffic safety emphasis patrols, and to involve political and community leaders in the fight for safer roadways. Increased funding will allow the commission to expand task force participation and to augment existing task force efforts. (Highway Safety Account - State)

2001-03 Transportation Budget
County Road Administration Board
Total Appropriated
(Dollars in Thousands)

Friday, June 22, 2001
4:38 pm

| | Legislative Final |
|-----------------------------------|--------------------------|
| 1999-01 Estimated Expenditures | 91,147 |
| 2001-03 Maintenance Level | 80,620 |
| Policy Changes/New Starts: | |
| 1. Remove Administrative Budget | -3,327 |
| 2. Create Operating Program | 3,327 |
| Total Policy Changes | 0 |
| Total 2001-03 Biennium | 80,620 |

Comments:

The County Road Administration Board maintains the statewide inventory of county roads, sets standards of operation for all county road agencies, and provides transportation-related technical and administrative assistance to counties; including training and computer system support.

1. Remove Administrative Budget - The agency's proposed 2001-03 administration budget is isolated and removed. The administration budget is added back in the new CRAB Operations program. (Motor Vehicle Account - State, Rural Arterial Trust Account - State, County Arterial Preservation Account - State)

2. Create Operating Program - The County Road Administration Board currently receives a single legislative appropriation that covers the agency's administration expenditures as well as the grant funding allocated to local governments for transportation projects. Currently, the agency administrative budget amount is recommended by agency staff and submitted to the CRABoard for approval. As the agency administrative budget grows, funding available for local transportation projects and services is reduced.

This item establishes an Operations Program within the CRAB budget structure. The structure change gives the legislature appropriation authority over the amount CRAB may spend on administrative activities.

The Operations Program appropriation does not include funding for the proposed Maintenance Manager or Environmental Process Manager. (Motor Vehicle Account - State, Rural Arterial Trust Account - State, County Arterial Preservation Account - State)

2001-03 Transportation Budget
Transportation Improvement Board
Total Appropriated
(Dollars in Thousands)

Friday, June 22, 2001
4:38 pm

| | Legislative Final |
|-------------------------------------|--------------------------|
| 1999-01 Estimated Expenditures | 269,756 |
| 2001-03 Maintenance Level | 193,295 |
| Policy Changes/New Starts: | |
| 1. Remove Administrative Budget | -3,103 |
| 2. Create Operating Program | 3,103 |
| 3. Regional Transportation Projects | 20,000 |
| Total Policy Changes | 20,000 |
| Total 2001-03 Biennium | 213,295 |

Comments:

The Transportation Improvement Board administers grant programs that provide funding to urban cities and counties for transportation projects that improve the mobility of people and goods in Washington State.

1. Remove Administrative Budget - The agency's proposed 2001-03 administration budget is isolated and removed. The administration budget is added back in the new TIB Operations program. (Urban Arterial Trust Account - State, Transportation Improvement Account - State)

2. Create Operating Program - The Transportation Improvement Board currently receives a single legislative appropriation that covers the agency's administration expenditures as well as the grant funding allocated to local governments for transportation projects. Currently, the agency administrative budget amount is recommended by agency staff and submitted to the Board for approval. As the agency administrative budget grows, funding available for local transportation projects is reduced.

This item establishes an Operations Program within the TIB budget structure. The structure change gives the legislature appropriation authority over the amount the TIB may spend on administrative activities.

The Operations Program funding level includes restoration of a \$150 thousand cut made in the 2000 Supplemental Session and a reduction to recognize the ongoing savings associated with a \$25 thousand retirement incentive provided to a staff member. Reductions will be achieved through the following: Holding fewer board meetings; avoiding high per-diem board meeting locations; holding supplies and goods funding at 1997-99 levels; and leaving positions vacant (17.8 FTE's authorized by TIB board, 16.9 FTE's appropriated in the 2001-03 Operations Program). (Urban Arterial Trust Account - State, Transportation Improvement Account - State)

3. Regional Transportation Projects - Funding is provided for new regionally significant transportation projects, specifically including corridor projects on principal arterials that serve multiple jurisdictions. (Transportation Improvement Account - Bond)

| Policy Changes: | |
| 1. General Inflation | <u>-3</u> |
| Total Policy Changes | -3 |
| Total 2001-03 Biennium | <u>773</u> |

Comments:

The Transportation Commission serves as the board of directors of the Department of Transportation and, in coordination with public and private transportation agencies and organizations, proposes policies and funding mechanisms to promote an inter-modal and inter-connected transportation system throughout the state.

1. General Inflation - General inflation added within the maintenance level is removed in the policy level. (Motor Vehicle Account - State)

2001-03 Transportation Budget
Freight Mobility Strategic Invest
Total Appropriated
(Dollars in Thousands)

Friday, June 22, 2001
4:38 pm

| | Legislative Final |
|---|--------------------------|
| 1999-01 Estimated Expenditures | 571 |
| 2001-03 Maintenance Level | 611 |
| Policy Changes: | |
| 1. Reinstatement Administrative Reduction | -11 |
| 2. General Inflation | -3 |
| 3. Freight Mobility Analysis/Inventory | 100 |
| 4. Freight Mobility Outreach Workshops | 20 |
| Total Policy Changes | 106 |
| Total 2001-03 Biennium | 717 |

Comments:

The Freight Mobility Strategic Investment Board (FMSIB) was created in order to develop a comprehensive and coordinated state program that facilitates freight movement within the state to enhance the local, national, and international markets. FMSIB is responsible for reviewing, evaluating, and recommending projects that will enhance freight mobility within Washington State.

1. Reinstatement Administrative Reduction - The agency received a \$60 thousand reduction in the 1999-01 biennium. All but \$11 thousand of the reduction is restored in the 2001-03 biennium. The \$11 thousand represents a cut to the agency's proposed increase in its travel budget; from \$35 thousand in 1999-01 to \$57 thousand in 2001-03. (Motor Vehicle Account - State)

2. General Inflation - General inflation added within the maintenance level is removed in the policy level. (Motor Vehicle Account - State)

3. Freight Mobility Analysis/Inventory - Funding is provided for the Board to begin a comprehensive, long-term inventory of projects that will assist corridor development and identification of barriers to freight movement. This amount represents FMSIB's share of a multi-agency partnership to carry out the first phase of the study. (Motor Vehicle Account - State)

4. Freight Mobility Outreach Workshops - Funding is provided for the Board to hold two outreach workshops intended to bring public and private partners together to help identify and fund freight mobility projects. (Motor Vehicle Account - State)
